

Adobe Creative Cloud for teams.

A better way of working together.

Adobe Creative Cloud for teams connects the very latest Creative Cloud desktop apps, mobile apps, and services with your assets and community so your team can create its greatest work and collaborate effortlessly—all for one affordable and predictable price.

Get 100GB of file storage per seat, share files and folders, maintain versions, choose the people you want to work with, and capture all activity in one place. Benefit from exclusive one-to-one access to Adobe's Expert Services support team. Plus, leverage centralized admin tools that make it easy to purchase, deploy, and manage Creative Cloud along with the changing needs of your team.

Creative Cloud for teams is available via two plans—complete and single app.

Benefits of Creative Cloud for teams

Creative Cloud for teams gives small to midsize business customers continuous access to the latest Adobe creative technology by offering:

- **Innovation**—Get all the latest Creative Cloud desktop apps, including your favorites such as Adobe Photoshop, Illustrator, and InDesign, as well as connected mobile apps and services and instant access to new features as soon as they become available.
- **Collaboration**—Work smarter with 100GB of cloud storage, file sharing and versioning, and the ability to capture all the activity related to your projects in one place.
- **Learning**—Access a library of Creative Cloud Learn tutorials and videos to get up to speed quickly, and gain exclusive access to Adobe's Expert Services support team.
- **Administration**—Easily add, track, and assign seats across your organization and manage compliance with the intuitive administrator's console. Centrally deploy and update all Creative Cloud apps, or a customized subset, with Creative Cloud Packager.
- **Budget predictability**—Take advantage of annual plans that give creative teams access to all Creative Cloud tools or a single application of their choice, for one low, predictable price. And get all feature updates at no additional cost.

What's included in Creative Cloud for teams

Component	Use
Desktop apps	
Adobe Photoshop CC	Edit and composite images, use 3D tools, edit video, and perform advanced image analysis.
Adobe Photoshop Lightroom 5	Organize, edit, and batch process all your digital photos in one intuitive library.
