

Find more time for the work you love

36%
less time spent on
device management¹

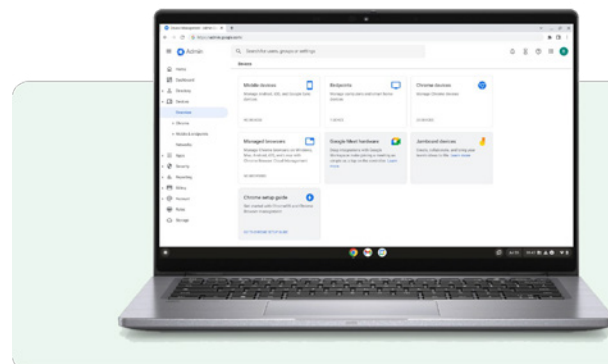

Technology should make running a business easier. But sometimes it feels like just another task eating up too much time and money. ChromeOS changes that, so you can spend less of your day on IT and more time on the tasks you enjoy.

ChromeOS devices are **63%** faster to deploy than other operating systems.¹

What does this mean?

ChromeOS laptops and tablets are ready to go right out of the box, saving you up to 45 minutes per device.¹ How many computers does your business use?

- ✓ **ChromeOS devices boot up in 10 seconds or less** so everyone can get to work faster, while AI-powered tools in Google Workspace can help you automate tasks like data entry and form processing.

 Leave IT to ChromeOS

Find more time for the work you love

44%

lower cost per device
over three years¹

- ✓ **ChromeOS laptops and tablets cost 65% less** than the devices they replace and provide cost savings, time efficiencies, and productivity gains worth \$1,700 per device over three years.¹
- ✓ **Share devices hassle-free** by setting them to automatically wipe data and settings between sign ins. This allows your employees and customers to easily use the same laptop or tablet.
- ✓ **Install ChromeOS Flex on your PCs and Macs** to make them run faster for longer, so you don't have to invest in new hardware. Try it now at no cost.
- ✓ **Manage everything from the Google Admin console**, including all devices and the apps and extensions your employees can use. It's also where you manage Google Workspace.

What if I need help managing devices?

With ChromeOS device management, Google support is there for you 24/7 to answer any questions that come up along the way.
